

Dear families,

I am so thrilled to be your child's second grade teacher this year! You may recognize my name as I taught first grade at Central last year. Before joining the Central family, I taught first grade in Lake Zurich as well as first and third grade in Indiana. I am looking forward to sharing an exciting year of learning adventures with you in second grade.

This year we will learn so many exciting things! In science, we will learn about life cycles, sound, light, the sun, moon, and stars. We will learn about subtraction, multiplication, money, time, and more in math. We will have reading and writing workshop daily to build upon the literacy skills learned in first grade.

I look forward to meeting you on Tuesday, September 5th for our first half day of school. Please bring all school supplies on the first day if you didn't order ahead of time as we will be sorting through them. Also, please be sure to discuss (and possibly visit) your pick up spot for the first day of school. I'm so excited to get to know you and learn with you this year.

Sincerely,
Miss Snyder
