

Welcome to Miss Snyder's Class!

Dear Families,

I am so thrilled to be your child's second grade teacher this year! I am looking forward to creating a collaborative learning partnership with each of you. This will be my third year teaching at Central and my second year teaching second grade. Previously, I've taught first and third grades in Lake Zurich and in Fishers, Indiana. I'm originally from Bloomington, Indiana and I earned my bachelor's degree in Elementary Education from Indiana University. I am also currently working toward earning my master's degree in Literacy Instruction from Northeastern Illinois University.

I am excited to share a wonderful year of learning adventures with you in second grade! This year we will learn and grow so much. In math, we will learn about subtraction, multiplication, money, time, and more. We will have reading and writing workshops daily to build upon literacy skills learned in first grade. In science, we will learn about life cycles, sounds, light, the sun, moon, and stars. We will also go on several fun field trips!

I look forward to meeting you on Thursday, August 30th for our first half day of school. Please bring all your school supplies on the first day, if you didn't order them ahead of time. Preorders will be waiting for you in the classroom. Please also send your child to school with a family photo (preferably 4x6) on the first day. I'm so excited to get to know you and learn with you this year!

Sincerely,
Miss Maia Snyder
