

# Welcome to Room 114!

## DEAR ROOM 114 Families,

### Welcome to a great new FIRST GRADE year!! :)

I wanted to send a quick note that might help dispel any confusion the first day/week of school.

- On the first day, remind your child to find his/her locker. While at his/her locker, practice opening and closing the locker door. (The handle slides sideways. Be careful. WATCH out for pinched fingers! OUCH!!)
- NEXT, enter the classroom quietly and

find the assigned desk. Once found, any supplies can be tucked inside.

- After, locate a sheet on the desktop. Your child should draw a detailed self-portrait. Pencil first and color second.
- You will also find a name tag and a checklist of what to do the first 15 minutes.
- **REMIND** your child how she/he will be getting home.
- Please send a healthy fruit or vegetable snack the first day. No avocado please.

- Also, please consider sending a water bottle on the hot days.

In closing, transitioning to first grade should be fun and without any additional stress. Following the listed tips will make a big, big difference moving forward in first grade. :)

**See you all very  
soon!  
Kindly,  
Mrs. R.**

PLEASE contact me with any questions. :)
